SUBJ: Monthly Report for April 2021

Here is a summary of items since our March 9th meeting.

- Spent the bulk of the month working on the travel lift financing and this is covered later on in the packet.

- Submitted the CARES Act monthly report for February; we expended all of our funds by roughly March 10th, so the next report will begin the closeout process.

- Submitted paperwork and supporting documents to the State in order to get reimbursed for some of the dirt work that was needed after the July earthquake.

- Attended online briefings for AML regarding legislative session and the possible impacts on municipalities as a whole and what bills/policies/actions are relevant to our interests.

- Started working on liability and health insurance applications for FY22. A few employees have inquired about getting on the plan and I will distribute the information when it becomes available.

- Attended two pre-season fisheries calls, one for the cod season and one regarding the upcoming salmon season that was mostly about COVID-19.

- Continue to stay in contact with EAT on a near-daily basis.

STUDENT REPRESENTATIVE
HEARINGS, ORDINANCES AND RESOLUTIONS
ORDINANCE 2021-01: AUTHORIZING LAND EASEMENT AND RIGHT OF WAY – 2ND READING
GCI has requested the City grant them an easement to use City-owned right of ways so they can install their planned fiber optic project. City Code 8.10.090 allows for the issuance of easements on City-owned property if the use is justified for several reasons, including the furtherance of economic development. City code also requires the City to conduct the disposal through an ordinance as the disposal will grant an interest in City-owned property. The ordinance for your consideration includes the statutory language required by 8.10.060 including the description, purpose and method of disposal. City code allows Council to set the price below market value; easements are generally different than outright sales of land as the City retains full ownership and only grants the easement. For this reason, the ordinance does not assign a value to the easement, however, if Council wishes, the ordinance can include a token sum of one dollar or ten dollars if desired.

Given the need for high-speed internet and modern telecommunications in the community, I ask that Council approve Ordinance 2021-01.
ORDINANCE 2021-01

AN ORDINANCE OF THE CITY OF SAND POINT, ALASKA, GRANTING AN EASEMENT AND RIGHT OF WAY ALONG CITY OWNED PROPERTIES

SECTION 1. Classification: This is a non-code ordinance.

SECTION 2. Effective Date: This Ordinance becomes effective upon adoption

SECTION 3. Severability: The terms, provisions and sections of this ordinance are severable

SECTION 4. Content: City Code requires certain criteria to be met for the disposal

3. GCI has requested an easement and right-of-way to install a beach manhole and fiber optic cable on the above parcels.

4. The City Council has elected to dispose the interest through the method laid out in 8.10.070 (d).

6. The City Council has determined that the market value of the property is under One Dollar ($1.00).
7. The disposal will be through an ordinance introduced on March 9, 2021 and voted upon April 13, 2021.

AUTHORIZING ISSUANCE
OF A REVENUE BOND
This resolution grants the Mayor the power to enter into an agreement with the Bond Bank for the issuance of a revenue bond. The purpose of the proposed $1.1 million revenue bond is to pay for the acquisition of a new, 150-ton travel lift to replace the current travel lift. First, to pay when due Operating Expenses not paid from other sources;
Second, to make when due all payments, including sinking fund payments, required to be made into the debt service account of any Bond redemption fund and to pay the principal of and interest and premium, if any, on any Bonds;
Third, to make when due all payments required to be made into any reserve account established to secure the payment of any Bonds;
Fourth, to make when due all payments required to be made into any other harbor revenue bond redemption fund and debt service account or reserve account created therein to pay and secure the payment of any harbor revenue bonds or other harbor revenue obligations of the City secured by a lien on Net Revenue and the money in the Harbor Fund junior and inferior to the lien that secures payment of the Bonds; and

Section 3. Authorization of Bonds. The City is authorized to issue harbor revenue bonds of the City, to be known as “City of Sand Point, Alaska, Harbor Revenue Bonds,” from time to time in series, and without limitation as to aggregate principal amount. Each series of Bonds may be issued in such amount and upon such terms and conditions as the City Council may from time to time deem to be necessary or advisable, for any purposes of the Harbor Enterprise now or hereafter permitted by law, but only upon compliance with the applicable conditions for their issuance in Section 5.

All Bonds shall be secured by a parity lien on Net Revenue upon the fulfillment of the conditions for their issuance under this Master Resolution. From and after the time of issuance and delivery of the Bonds of each series, and so long thereafter as any of the same remain Outstanding, the City hereby irrevocably obligates and binds itself to set aside and pay out of Net Revenue into the special funds created for the payment of the Bonds of such series, on or before the due date, the amount necessary to pay principal or interest coming due on the Bonds of such series. Such amounts so pledged to be paid into such special funds are hereby declared to be a lien on Gross
Revenue superior to all other liens and charges of any kind or nature whatsoever except for Operating Expenses and except for parity liens that may be made to secure payment of any series of Bonds issued in accordance with the provisions of this Master Resolution.

The Bonds shall not in any manner or to any extent constitute general obligations of the City or the State of Alaska or of any political subdivision of the State of Alaska. Neither the faith and credit nor the taxing power of the City is pledged for the payment of the Bonds.

Section 4. Series Resolution. Each series of Bonds shall be authorized by a Series Resolution, which shall, among other provisions, specify or provide for:

(a) the authorized principal amount, designation, and series of such Bonds;

(b) the general purpose or purposes for which such series of Bonds is being issued, and the deposit, disbursement, and application of the proceeds of the sale of the Bonds of such series;

(c) the date or dates, and the maturity date or dates, of the Bonds of such series, and the principal amount maturing on each maturity date;

(d) the interest rate or rates on the Bonds of such series, the interest payment date or dates therefor and the tax status thereof;

(e) the circumstances, if any, under which the Bonds of such series will be deemed to be no longer Outstanding;

(f) the denominations of, and the manner of dating, numbering, and, if necessary, authenticating, the Bonds of such series;

(g) the place or places of payment of the principal, redemption price, if any, or purchase price, if any, of and interest on, the Bonds of such series;

(h) the Registrar for the Bonds of such series and the duties and obligations thereof;

(i) the form or forms of the Bonds of such series and the provisions for the registration, transfer, and exchange of the Bonds of such series;

(j) the terms and conditions, if any, for the redemption or prepayment of the Bonds of such series prior to maturity, including the redemption or prepayment date or dates and price or prices and other applicable redemption or prepayment terms;

(k) the manner of sale of the Bonds of such series;

(l) if so determined by the City, the authorization of and any terms and conditions with respect to credit support for the Bonds of such series and the pledge or provision of money, assets, or security other than Net Revenue to or for the payment of the Bonds of such series or any portion thereof;

(m) a special fund or account to provide for the payment of the Bonds of such series and, if so determined by the City, any other specific funds or accounts, including without limitation reserve funds or accounts, for the Bonds of such series and the application of money or securities therein; and
(n) any other provisions that the City deems necessary or desirable in connection with the Bonds of such series.

Section 5. Limitations on Issuance of Bonds. The City shall not issue any series of Bonds or incur any additional indebtedness with a lien on Net Revenue on a parity with the lien that secures payment of the Bonds then Outstanding unless the City satisfies the applicable conditions for the issuance of such series in this Section.

(a) Project Completion. The City may issue Bonds if the City shall not have been in default of its covenant under Section 6(a) for the preceding Fiscal Year, and the Bonds are being issued to pay Costs of Construction of Facilities for which Bonds have been issued previously and the principal amount of such Bonds being issued for completion purposes does not exceed an amount equal to 15 percent of the aggregate principal amount of Bonds theretofore issued to finance such Facilities and reasonably allocable to the Facilities to be completed as shown in a written certificate of the City Representative, and there is delivered a Consultant’s certificate stating that the nature and purpose of such Facilities has not materially changed.

(b) Purposes of the Harbor Enterprise. The City may issue Bonds if the City shall not have been in default of its covenant under Section 6(a) for the preceding Fiscal Year, and the Bonds are being issued to finance necessary additions, betterments, improvements, and repairs to or extensions and replacements of the Facilities, upon delivery of a certificate prepared as described in paragraph (1) or (2) of this subsection.

1. Certificate of the City Without a Consultant. The City may deliver a certificate without a Consultant if, based on Net Revenue for the Base Period (confirmed by an independent audit), the Coverage Requirement will be satisfied in each Fiscal Year that Bonds are scheduled to be Outstanding, commencing with the first full Fiscal Year following the date on which any portion of interest on the series of Bonds then being issued will be paid from a source other than the proceeds of such series of Bonds.

2. Certificate of Consultant. Unless the City may deliver a certificate without a Consultant as provided in paragraph (1) of this subsection, the City shall deliver a certificate of a Consultant demonstrating that the Coverage Requirement will be satisfied in each Fiscal Year that Bonds are scheduled to be Outstanding, commencing with the first full Fiscal Year following the date on which any portion of interest on the series of Bonds then being issued will be paid from a source other than the proceeds of such series of Bonds. In making the computations for the purpose of certifying compliance with the Coverage Requirement of this Section, the Consultant may determine Net Revenue by adding the following:

(i) The historic Net Revenue of the Harbor Enterprise for the Base Period.

(ii) Any increase to reflect the rates and charges for use of the Facilities effective on the date of such certificate if there has been any change in such rates and charges during or after the Base Period.

(iii) The Net Revenue derived from customers of the Harbor Enterprise that have become customers during the Base Period or thereafter and prior to the date of such certificate, adjusted to reflect a full year’s Net Revenue from each such customer to the extent such Net Revenue was not included under subparagraph (i) of this paragraph (2).
(iv) The estimated annual Net Revenue to be derived from any customer under any executed contract for use of the Facilities, which Net Revenue was not included in any of the other sources of Net Revenue described in this paragraph (2).

(v) The estimated annual Net Revenue to be derived from the operation of any additions or improvements to or extensions of the Facilities under construction but not completed at the time of such certificate and not being paid for out of the proceeds of sale of such Bonds being issued, and which Net Revenue is not otherwise included in any of the sources of Net Revenue described in this paragraph (2).

(vi) The estimated annual Net Revenue to be derived from the operation of any additions and improvements to or extensions of the Facilities being paid for out of the proceeds of sale of such Bonds being issued.

If the Harbor Enterprise will not derive any revenue as a result of the construction of additions, improvements, or extensions being or to be made to the Facilities within the provisions of subparagraphs (v) or (vi) of this paragraph (2), the estimated annual Operating Expenses of such additions, improvements, and extensions shall be deducted from estimated annual Net Revenue.

Section 6. Specific Covenants. The City hereby covenants with the Registered Owners for as long as any Bonds remain Outstanding:

(a) Rate Covenant. The City will establish, maintain, and collect rentals, tariffs, rates, fees, and charges in the operation of the business of the Harbor Enterprise that will produce Net Revenue sufficient to satisfy the Coverage Requirement in each Fiscal Year.

If the Net Revenue in any Fiscal Year is not sufficient to satisfy the Coverage Requirement, then the City will retain a Consultant to make recommendations as to operations and the revision of schedules of rentals, tariffs, rates, fees, and charges, and on the basis of such recommendations and other available information the City will establish such rentals, tariffs, rates, fees, and charges for Harbor Enterprise services and operations as are necessary to produce Net Revenue sufficient to satisfy the Coverage Requirement in the Fiscal Year during which such adjustments are made. If the City has taken the steps set forth in this paragraph and the Net Revenue in the Fiscal Year in which adjustments are made nevertheless is not sufficient to satisfy the Coverage Requirement, such failure to comply with the covenant set forth in this subsection shall not constitute a default under this Master Resolution.

(b) Maintenance and Repairs. The City will maintain, preserve, and keep the Facilities in good repair, working order, and condition; will from time to time make or cause to be made all necessary and proper repairs, renewals, and replacements thereto so that the business carried on in connection therewith may be properly and advantageously conducted; and will at all times operate the Harbor Enterprise in an efficient manner and at a reasonable cost.

(c) Insurance. The City will carry fire and other casualty insurance on the Facilities to the full insurable value thereof, and will also carry adequate public liability insurance and such other forms of insurance as under good business practices are ordinarily carried on such plant and
equipment. Such insurance also may be maintained by the City through a program of self-insurance.

(d) Extensions or Betterments. The City will not expend any of the money in the Harbor Fund for any extensions or betterments that are not economically sound and that will not contribute to the operation of the Harbor Enterprise in an efficient and economical manner, unless such extensions are required by law or any regulatory body having jurisdiction.

(e) Accounting. The City will keep and maintain proper books and accounts with respect to the operation of the Harbor Enterprise in such manner as prescribed by any authorities having jurisdiction over the Harbor Enterprise and will cause its books of account to be audited annually by competent certified public accountants, copies of which audits shall, upon request, be furnished to Registered Owners.

(f) Disposal of Harbor Enterprise. The City will not sell or otherwise dispose of substantially all of the Facilities or other properties of the Harbor Enterprise, unless contemporaneously with such sale or disposal there shall be paid into a special fund a sum sufficient (together with investment income thereon) to defease all Bonds then Outstanding to the date or dates on which they first may be redeemed.

The City may sell or dispose of any portion of the Facilities or other properties of the Harbor Enterprise to related or unrelated entities; provided, that if such properties constitute five percent or greater of the “book value” of the Harbor Enterprise’s properties or generate five percent or greater of the Net Revenue of the Harbor Enterprise at the time of such sale or disposition, the Harbor Enterprise has on hand a report from a Consultant verifying that the Coverage Requirement will be satisfied in each of the next three full Fiscal Years.

The City also may sell, dispose of, or convey any assets that are no longer deemed to be useful to the operations of the Harbor Enterprise.

Section 7. Amendatory and Supplemental Resolutions.

(a) The City Council from time to time and at any time may adopt a resolution or resolutions supplemental hereto, which resolution or resolutions thereafter shall become a part of this Master Resolution, for any one or more of the following purposes:

1. To provide for the issuance of a series of Bonds pursuant to Section 4, and to prescribe the terms and conditions pursuant to which such Bonds may be issued, paid, or redeemed.

2. To add covenants and agreements of the City for the purpose of further securing the payment of the Bonds, provided that such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the City contained in this Master Resolution.

3. To prescribe further limitations and restrictions upon the issuance of Bonds and the incurring of indebtedness by the City payable from Net Revenue that are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect.

4. To surrender any right, power, or privilege reserved to or conferred upon the City by the terms of this Master Resolution.
5. To make such provisions for the purpose of curing any ambiguities or of curing, correcting, or supplementing any defective provision contained in this Master Resolution or in regard to matters or questions arising under this Master Resolution as the City Council may deem necessary or desirable and not inconsistent with this Master Resolution and which shall not adversely affect the interests of the Registered Owners.

Any such supplemental resolution may be adopted without the consent of any Registered Owner, notwithstanding any of the provisions of subsection (b) of this Section.

(b) With the consent of the Registered Owners of not less than 60 percent in aggregate principal amount of the Bonds then Outstanding, the City Council may adopt a resolution or resolutions supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Master Resolution or of any supplemental resolution; provided, that no such supplemental resolution shall:

1. extend the fixed maturity of any of the Bonds, or reduce the rate of interest thereon, or reduce the amount or change the date of any sinking fund installment, or extend the time of payments of interest from their due date, or reduce the amount of the principal thereof, or reduce any premium payable on the redemption thereof, without the consent of the Registered Owner of each Bond so affected; or

2. reduce the aforesaid percentage of Registered Owners required to approve any such supplemental resolution, without the consent of the Registered Owners of all of the Bonds then Outstanding.

It shall not be necessary for the consent of the Registered Owners under this subsection to approve the particular form of any proposed supplemental resolution, but it shall be sufficient if such consent approves the substance thereof.

(c) Upon the adoption of any supplemental resolution under this Section, this Master Resolution shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties, and obligations of the City and all Registered Owners under this Master Resolution shall thereafter be subject in all respects to such modification and amendment, and all the terms and conditions of the supplemental resolution shall be deemed to be part of the terms and conditions of this Master Resolution for any and all purposes.

(d) Bonds of any series delivered after the effective date of any amendment adopted under this Section to this Master Resolution or the Series Resolution with respect to that series may bear a notation as to any matter provided for in such supplemental resolution, and if such supplemental resolution shall so provide, new Bonds modified so as to conform, in the opinion of the City, to the terms of any such supplemental resolution may be prepared by the City and delivered without cost to the Registered Owners, upon surrender for cancellation of such Bonds in equal aggregate principal amounts.

Section 8. Notice to Registered Owners. Except as this Master Resolution specifically provides otherwise, any notice under this Master Resolution to Registered Owners may be given by first-class mail, postage prepaid, to such Registered Owners at their respective addresses appearing upon the Bond Register.

Section 9. Resolutions a Contract with Registered Owners. In consideration of the purchase and acceptance of the Bonds by those who shall own the same from time to time, the
provisions of this Master Resolution and of any related Series Resolution shall constitute a contract with each Registered Owner, and the obligations of the City under this Master Resolution and under any related Series Resolution shall be enforceable by any court of competent jurisdiction; and the covenants and agreements herein set forth to be performed by or on behalf of the City shall be for the equal benefit, protection, and security of each Registered Owner.

Section 10.  Severability. If any one or more of the covenants or agreements set forth in this Master Resolution to be performed on the part of the City shall be declared by any court of competent jurisdiction to be contrary to law, then such covenant or covenants or agreement or agreements shall be null and void and shall be deemed separable from the remaining covenants and agreements in this Master Resolution and shall in no way affect the validity of the other provisions of the Bonds or of this Master Resolution.

Section 11.  Effective Date. This Master Resolution shall take effect immediately upon its passage and adoption.

Section 5. **Place and Medium of Payment.** Both principal of and interest on the 2021 Bond shall be payable in lawful money of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts. For so long as the Bond Bank is the Registered Owner of the 2021 Bond, payments of principal thereof and interest thereon shall be made as provided in the Loan Agreement. In the event that the Bond Bank is no longer the Registered Owner of the 2021 Bond, payments of principal thereof and interest thereon will be made by check or draft mailed by first-class mail to the Registered Owner at the address for such Registered Owner appearing on the Bond Register on the 15th day of the month preceding the payment date, provided that the final installment of principal of and interest on the 2021 Bond will be payable at the office of the Registrar upon surrender of the 2021 Bond to the Registrar. If any principal installment of the 2021 Bond is not paid when due, the City shall pay interest on such principal installment at the same rate provided therein from and after its due date (but only out of the sources mentioned herein) until such principal installment is paid in full or provision for payment thereof has been made.

Section 6. **Optional Prepayment.** The principal installments of the 2021 Bond, if any, subject to optional prepayment by the City, the date or dates on which the 2021 Bond is subject to optional prepayment, the terms upon which the 2021 Bond may be prepaid and the prepayment price or prices for the 2021 Bond, shall be determined by the City Representative and set forth in the Loan Agreement, and such determination shall be conclusively evidenced by the execution of the Loan Agreement under Section 15 by the City Representative. If fewer than all of the principal installments of the 2021 Bond are to be prepaid, the principal installments to be prepaid shall be determined by the City. Notice of any such prepayment shall be sent by the City not less than 50 days prior to the date fixed for prepayment by first class mail to the registered owner of the 2021 Bond at such Registered Owner’s address as it then appears on the Bond Register. Notice of prepayment having been duly given and money for prepayment being held by the City, interest on the principal installments to be prepaid shall cease to accrue on the date fixed for prepayment.

Section 7. **Form of 2021 Bond.** The 2021 Bond shall be in substantially the following form, with such variations, omissions, and insertions as may be required or permitted by this Series Resolution or the Master Resolution:

For so long as the Alaska Municipal Bond Bank (the “Bond Bank”) is the Registered Owner, payments of principal hereof and interest thereon shall be made as provided in the loan agreement between the Bond Bank and the City relating to this bond (the “Loan Agreement”). In the event that the Bond Bank is no longer the Registered Owner, payments of principal hereof and interest thereon will be made by check or draft mailed by first class mail to the Registered Owner at the address for such Registered Owner appearing on the Bond Register on the 15th day of the month preceding the payment date, provided that the final installment of principal of and interest on this bond will be payable at the office of the City Administrator (the “Registrar”) upon surrender of this bond to the Registrar. Interest on this bond shall be computed on the basis of a 360-day year consisting of twelve 30-day months.

This bond is a special obligation of the City and is one of the duly authorized harbor revenue bonds of the City designated “City of Sand Point, Alaska, Harbor Revenue Bonds” (the “Bonds”) issued and to be issued in various series under Resolution No. 21-03 (the “Master Resolution”), adopted on April 13, 2021, and Resolution No. 21-04 (the “Series Resolution,” and together with the Master Resolution, as it may be amended and supplemented from time to time, the “Resolution.”), adopted on April 13, 2021. As provided in the Master Resolution, the Bonds may be issued from time to time pursuant to Series Resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates, and, subject to the provisions thereof, may otherwise vary. The aggregate principal amount of Bonds that may be issued under the Master Resolution is not limited, and all Bonds issued and to be issued under the Master Resolution are and will be equally and ratably secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Master Resolution.

This bond is the Bond (as defined in the Series Resolution, the “2021 Bond”) issued in the principal amount of $__________ under the Resolution for the purpose of providing part of the funds required to finance improvements to the Harbor Enterprise, including replacement of the existing travel lift, to reimburse the City for any expenditures on such improvements, to make any required deposit into the 2021 Reserve Account, and to pay the costs of issuance of the 2021 Bond.
Reference is made to the Resolution for a description of the rights of the Registered Owner and of the rights and obligations of the City thereunder, to all of the provisions of which Resolution the Registered Owner, by acceptance hereof, assents and agrees.

This bond is subject to prepayment at the option of the City in accordance with the applicable provisions of the Resolution and the applicable provisions of the Loan Agreement.

This bond shall be an obligation only of the 2021 Bond Fund and shall be payable and secured as provided in the Resolution. This bond shall not in any manner or to any extent constitute a general obligation of the City or the State of Alaska or of any political subdivision of the State of Alaska. Neither the faith and credit nor the taxing power of the City is pledged for the payment of this bond.

The City has irrevocably obligated and bound itself to set aside and pay out of Net Revenue into the 2021 Bond Fund, on or before the due date, the amount necessary to pay principal or interest coming due on this bond. The City has declared such amounts so pledged to be paid into the 2021 Bond Fund to be a lien on Gross Revenue superior to all other liens and charges of any kind or nature whatsoever except for Operating Expenses and except for parity liens that may be made to secure payment of any series of Bonds issued in accordance with the provisions of the Master Resolution.

This bond may be transferred only upon the Bond Register. Upon surrender for transfer or exchange of this bond at the office of the Registrar, with a written instrument of transfer or authorization for exchange in form and with guaranty of signature satisfactory to the Registrar, duly executed by the Registered Owner or its duly authorized attorney, the City shall execute and the Registrar shall deliver a 2021 Bond of the same series, maturity, and interest rate or rates, in equal principal amount, subject to such reasonable regulations as the Registrar may prescribe and upon payment sufficient to reimburse it for any tax, fee, or other governmental charge required to be paid in connection with such transfer or exchange. The City may treat and consider the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or prepayment price, if any, hereof and interest due hereon and for all other purposes whatsoever.

IT IS HEREBY CERTIFIED and declared that this bond is issued pursuant to and in strict compliance with the Constitution and laws of the State of Alaska and the ordinances and resolutions of the City of Sand Point, and that all acts, conditions, and things required to happen, to be done, and to be performed precedent to and on the issuance of this bond have happened, been done, and been performed.

The execution of the 2021 Bond on behalf of the City by any person who at the time of the execution is duly authorized to hold the proper office shall be valid and sufficient for all purposes, although any such person shall have ceased to hold office at the time of delivery of the 2021 Bond or shall not have held office on the date of the 2021 Bond.

Section 9. Registration.

(a) The 2021 Bond shall be issued only in registered form as to both principal and interest. The City designates the City Administrator as Registrar for the 2021 Bond. The Registrar shall keep, or cause to be kept, the Bond Register at the office of the City.

(b) The City, in its discretion, may deem and treat the Registered Owner of the 2021 Bond as the absolute owner thereof for all purposes, and neither the City nor the Registrar shall be affected by any notice to the contrary. Each payment made as described in Section 5 shall be valid and shall satisfy and discharge the liability of the City on the 2021 Bond to the extent of the amount or amounts so paid.

(c) The 2021 Bond may be transferred only upon the Bond Register. Upon surrender for transfer or exchange of the 2021 Bond at the office of the Registrar, with a written instrument of transfer or authorization for exchange in form and with guaranty of signature satisfactory to the Registrar, duly executed by the Registered Owner or its duly authorized attorney, the City shall execute and the Registrar shall deliver a 2021 Bond of the same series, maturity, and interest rate or rates, in equal principal amount, subject to such reasonable regulations as the Registrar may prescribe and upon payment sufficient to reimburse it for any tax, fee, or other governmental charge required to be paid in connection with such transfer or exchange. The 2021 Bond surrendered for transfer or exchange shall be canceled by the Registrar.

(d) The City covenants that the City will maintain a system for recording the ownership of the 2021 Bond that complies with the provisions of Section 149 of the Code.
Section 10. 2021 Bond Destroyed, Stolen, or Lost. Upon filing with the Registrar of evidence satisfactory to the City that the 2021 Bond has been destroyed, stolen, or lost and of the ownership thereof, and upon furnishing the City with indemnity satisfactory to it, the City shall execute and deliver a new 2021 Bond identical in all respects to the 2021 Bond destroyed, stolen, or lost. The person requesting the execution and delivery of the new 2021 Bond under this Section shall comply with such other reasonable regulations as the City may prescribe and pay such expenses as the City may incur in connection therewith.

Section 11. 2021 Bond Fund. A special fund of the City designated the “Harbor Revenue Bond Fund, 2021” is hereby created for the purpose of paying and securing the payment of the 2021 Bond. The 2021 Bond Fund shall be held separate and apart from all other funds and accounts of the City and shall be a trust fund for the Registered Owner, from time to time, of the 2021 Bond.

(a) 2021 Debt Service Account. The 2021 Debt Service Account is hereby created in the 2021 Bond Fund for the purpose of paying the principal of and interest on the 2021 Bond. The City hereby irrevocably obligates and binds itself, for so long as the 2021 Bond remains Outstanding, to set aside and pay into the 2021 Debt Service Account from Net Revenue or money in the Harbor Revenue Fund available under the Resolution, on or prior to the respective dates on which the same become due, the amounts required to pay when due the principal of and interest on the Outstanding 2021 Bond.

(b) 2021 Reserve Account. The 2021 Reserve Account is hereby created in the 2021 Bond Fund for the purpose of securing the payment of the principal of and interest on the 2021 Bond. The 2021 Reserve Account shall be held by the trustee for the Bond Bank Bonds and applied in accordance with this subsection. Each City Representative is authorized to execute and deliver a reserve account agreement to the trustee for the Bond Bank Bonds pursuant to the Loan Agreement, and the terms and conditions thereof shall be conclusively deemed approved by the execution and delivery of the reserve account agreement by the City Representative. On the date of issuance of the 2021 Bond, the City shall deposit money in the 2021 Reserve Account equal to the 2021 Reserve Requirement. If a deficiency occurs in the 2021 Debt Service Account, the trustee for the Bond Bank Bonds shall withdraw from the 2021 Reserve Account the amount sufficient to make up the deficiency and transfer such amount to the City for deposit in the 2021 Debt Service Account. The City shall make up any deficiency in the 2021 Reserve Account resulting from such a withdrawal within one year out of Net Revenue or out of any other money legally available for such purpose, after providing for the payments required to be made into the 2021 Debt Service Account within such year.

The money in the 2021 Reserve Account shall never be invested at a yield in excess of the yield on the Bond Bank Bonds.

Any amount in the 2021 Reserve Account in excess of the 2021 Reserve Requirement for the 2021 Bond may be transferred to the 2021 Debt Service Account and used to pay when due the principal of and interest on the 2021 Bond. Whenever there is a sufficient amount in the 2021 Bond Fund, including the 2021 Reserve Account and the 2021 Debt Service Account, to pay all principal of and interest on the 2021 Bond then Outstanding, the amount in the 2021 Reserve Account may be used to pay such principal and interest, and no further deposits need be made into the 2021 Bond Fund.
Pledge and Lien. The amounts so pledged to be paid into the 2021 Bond Fund are hereby declared to be a lien on Gross Revenue superior to all other liens and charges of any kind or nature whatsoever except for Operating Expenses and except for parity liens that may be made to secure payment of any series of Bonds issued in accordance with the provisions of the Master Resolution.

Section 12. Disposition of the Sale Proceeds of the 2021 Bond.

(a) Sale proceeds of the 2021 Bond in an amount sufficient to make the balance in the 2021 Reserve Account equal to the 2021 Reserve Requirement shall be deposited in the 2021 Reserve Account.

(b) The remaining sale proceeds of the 2021 Bond shall be used to pay Costs of Construction of the Project, to reimburse the City for any expenditures on such Costs of Construction, and to pay all costs incidental thereto and to the issuance of the 2021 Bond.

Section 13. Tax Covenants. The City covenants to comply with any and all applicable requirements set forth in the Code in effect from time to time to the extent that such compliance shall be necessary for the exclusion of the interest on the 2021 Bond from gross income for federal income tax purposes. The City covenants that it will make no use of the proceeds of the 2021 Bond that will cause the 2021 Bond to be an “arbitrage bond” subject to federal income taxation by reason of Section 148 of the Code.

Section 14. Defeasance. Payment of all or any principal installments of the 2021 Bond may be provided for by the irrevocable deposit in trust of cash, Government Obligations, or any combination thereof. The cash and the maturing principal and interest income on such Government Obligations, if any, must be sufficient and available without reinvestment to pay when due such principal, whether at maturity or upon fixed prepayment dates, together with interest thereon. The cash and Government Obligations shall be held irrevocably in trust for the Registered Owner of the 2021 Bond solely for the purpose of paying such principal and interest as the same shall mature or become payable upon prepayment, and, if applicable, upon the giving of notice of prepayment and notification to the Registered Owner that the deposit required by this Section has been made and that such principal is deemed to be paid in accordance with this Series Resolution. Such principal shall no longer be deemed Outstanding hereunder. The obligation of the City in respect of such principal and interest shall nevertheless continue but the Registered Owner shall thereafter be entitled to payment only from the cash and Government Obligations deposited in trust to provide for the payment of such principal and interest.

The preliminary official statement relating to the Bond Bank Bonds, a final official statement relating to the Bond Bank Bonds in substantially the form of such preliminary official statement, and the distribution of each in connection with the sale of the Bond Bank Bonds are approved. Each City Representative is authorized to provide such information for inclusion in such preliminary official statement and final official statement as the City Representative may deem necessary or desirable in connection with the sale of the Bond Bank Bonds. The Loan Agreement is approved. Each City Representative is authorized to execute and deliver the Loan Agreement, and the terms and conditions thereof shall be conclusively deemed approved by the execution and delivery of the Loan Agreement by the City Representative.
Section 16. **Authority of Officers.** Each City Representative, the City Clerk, the City Attorney, and bond counsel to the City is authorized and directed to do and perform all things and determine all matters not determined by the Master Resolution or this Series Resolution, to the end that the City may carry out its obligations under the 2021 Bond, the Master Resolution, and this Series Resolution. No recourse shall be had for the payment of the principal of or the interest on the 2021 Bond or for any claim based thereon or on the Master Resolution or this Series Resolution against any member of the Council or officer of the City or any person executing the 2021 Bond.

Section 17. **Continuing Disclosure Certificate.** Each City Representative is authorized to execute and deliver a Continuing Disclosure Certificate pursuant to the Loan Agreement, and the terms and conditions thereof shall be conclusively deemed approved by the execution and delivery of the Loan Agreement by the City Representative.

Section 18. **Severability.** If any one or more of the covenants or agreements set forth in this Series Resolution to be performed on the part of the City shall be declared by any court of competent jurisdiction to be contrary to law, then such covenant or covenants or agreement or agreements shall be null and void and shall be deemed separable from the remaining covenants and agreements in the Master Resolution and this Series Resolution and shall in no way affect the validity of the other provisions of the 2021 Bond or of the Master Resolution or this Series Resolution.

Section 19. **Effective Date.** This Master Resolution shall take effect immediately upon its passage and adoption.

TRAVEL LIFT UPDATE
Memo

To: Mayor Smith
From: Jordan Keeler, Administrator
cc: City Council
Date: April 5, 2021
Re: Travel Lift Update

The Alaska Bond Bank has sorted through the implications of a fall 2020 State Supreme Court ruling on bonding authority and will be issuing new bonds and refinancing existing bonds. The timing is excellent for the City as it can now work with the Bond Bank to issue a Revenue Bond. Unlike a General Obligation bond, a Revenue Bond does not need voter approval and the repayment of the bond is tied to a specific revenue source. In this case it would be tied to Harbor Fund revenue generated by the travel lift fees. The Bond Bank will have their board meeting on April 15th, two days after our council meeting to consider the various bonding proposals before them and select which projects to bond out.

I have been working this past month with the Bond Bank and the financial firm who will execute the offering. They have reviewed our financial statements, audits and other aspects of City operations to ensure that the bond size is appropriate and the City will be able to meet the bond obligations. Right now, the proposal is to issue $1.1 million bond to cover most of the cost of the travel lift, with the remaining $100,000 projected to come from the Borough’s FY 2022 community assistance application. The final interest rate on the bonds would not be finalized until the day of the sale and the conservative estimate is a fixed 1.8% over 15 years. The original plan was a 10-year term, but they want the City to maintain a minimum ratio of revenue to expense so we had to stretch out the payment to 15 years to meet their requirements. The financial firm also stated that the projected finances may allow the City to pay off the bonds in 10 years if the budget allows for it.

In discussions with the Bond Bank to meet their requirements for both bond payments and O&M costs, plus an additional cushion for slow years, it became clear that rates for both travel lift usage as well as moorage will need to go up 20%. To say this is a large increase is quite the understatement and I know nit is tough to swallow. However, the increase is necessary in order to meet the financial requirements of the bond issuance. The proposed increase would take effect at the start of FY 22 on July 1 and remain in place for the duration of the life of the bond. The
The proposed increase would also have to go through the ordinance process as harbor fees are set by city code. I realize that fee increases are never popular and it’s been a rough few years for our fishermen. If the City wishes to continue operating, this is the only option to obtain a new travel lift and keep boats in the community while providing the level of service needed to meet the needs of the fleet. Revenues from rate increases will be set aside for the new travel lift and cannot go towards salary, benefits, other equipment or other uses.

Again, I understand that money is tight and a user fee increase hits harbor users in the wallet. The other option to use a commercial bank requires a 25% down payment plus parking the other 75% of the funds in a CD until the travel lift is delivered. The City does not have enough liquid funds to go that route and the need for a new travel lift does not permit us to wait until that becomes an option. I strongly urge Council to move ahead with the revenue bond issuance and raise the rates needed to meet the bond requirements.

Re: Request for funding to replace the Sand Point Cemetery Fence

Dear Mayor Smith,

First, I want to thank you for meeting with the Women’s Club members to discuss the replacement of the old broken rusty fence around the city cemetery. I am writing in follow-up to those discussions and am asking the city for a contribution of funds to cover the cost of replacing the old fence with a new one. The estimated cost for the fencing materials (does not include shipping or labor to install the fence) is about $14,000.

The city cemetery is a focal point in our community and is regularly visited by family, friends and people who travel to Sand Point to locate the grave sites of their loved ones buried here.

One of the main purposes of the Women’s Club is to help make our community a better place for the people who live here. Replacing the old fence and clearing out the brush and foliage that has overtaken some of the grave sites would greatly improve the function and appearance of the cemetery; as the condition of the existing fence is in ruin and an eye-sore.

The Women’s Club is in the process of raising funds to help cover the cost to replace the fence and clean up the cemetery. In addition to requesting financial assistance from the city; the Women’s Club will be holding bake sales and other fundraising events and seeking donations from local businesses and community members to fund the project. We are hoping the city will continue to partner with us in making this project a success and helping to beautify the cemetery where our loved one’s rest.

Thank you in advance for considering our request and partnering with us on this project. We look forward to hearing from you soon.

Sincerely,

March 29, 2021

Dear Mr. Smith,

Aang! The Qagan Tayagungin Tribe is starting to prepare for our Annual Culture Camp. The camp dates for this year are Monday, July 19th through Thursday, July 29, 2021. Classes will be held from 9 am through 5 pm for our campers K-12th grade; and from 7 pm to 9 pm for adult participants.

This year we will continue to learn the Unangax language, dance, and beaded headdresses, as well as traditional foods (i.e. gathering and preparing salmon for drying, smoking, salting for use throughout the year). We are also hoping to offer drum making, Unangax bentwood hat making, regalia making, and salmon tanning as well.

We take great pride in providing a cultural education to our community every year. It takes a significant amount of money to fund camp every year. Last year’s camp had 94 children from kindergarten through twelfth grade, and a few dozen adults who attended. We are hoping the City of Sand Point will continue to support this valuable program, and are asking for a donation of $5,000.

Thank you very much for your time and support for the Sand Point Culture Camp.

Sincerely,

AMERICAN RECOVERY PLAN FUND
The Biden Administration and Congress passed the American Rescue Plan (ARP) last month shortly after the council meeting. A provision in the bill allocated funds for state, county, local and tribal government based on the size of the entity and Sand Point was allocated $220,000. The spending guidelines on the money are not yet finalized, but they will likely be much less restrictive than the CARES Act funds. ARP funds should arrive within the next two months and the reporting requirements will likely be similar to the CARES Act. This brings us to the $220,000 question: How to spend the funds? In no particular order, here are some ideas.

- Wait and see how the salmon season plays out and evaluate then based on City finances
- Simply put the funds in the General Fund, if allowed, and keep spending constant
- Identify key infrastructure needs and put the funds towards addressing them
- Subsize water/wastewater/solid bills for all residential accounts
- Disperse the money as a flat per-household payment of roughly $800
- Allocate funds to each department to be spent as needed
- A combination of some of the above ideas
- Other ideas

I think these are good jumping off points for discussion. I look forward to discussing this in the workshop and then working with staff to implement the policy.
